this book examines the history of american exhibitions of russian art in the twentieth century in the context of the cold war because this history reflects changes in museological theory and the role of governments in facilitating or preventing intercultural cooperation it uncovers a story that is far more complex than a chronological listing of exhibition names and art works roann barris considers questions of stylistic appropriations and influences and the role of museum exhibitions in promoting international and artistic exchanges barris reveals that soviet and american exchanges in the world of art were extensive and persistent despite political disagreements before during and after the cold war it also reveals that these early exhibitions communicated contradictory and historically invalid pictures of the russian or soviet avant garde the book will be of interest to scholars working in art history museum studies and russian studies
